# ARE YOU READY FOR COLLEGE?

## STUDENT'S STEP-BY-STEP PLANNING GUIDE

Discover the possibilities for life after high school. If you've decided to attend college, or even if you're not sure yet, you'll find this planning guide helpful as you prepare for the career of your dreams.

### REMEMBER...DON'T WAIT, START NOW!

#### JUNIOR YEAR - FALL

- Start investigating post-high school education opportunities and research the different types of schools and training opportunities available.
- Choose a specific career that you'd like to pursue and visit with your high school guidance counselor regarding schools that will fulfill your educational and career goals.
- Review your recent and current class schedules with your school counselor to verify that you have taken, or are taking, those classes that will help you succeed in college and in your career.
- Attend career and college fairs and presentations.
- List the schools you are considering and send for literature. Request their admissions and financial aid information. Find out if the school requires ACT or SAT. Also ask how many applications they require, such as for admission, financial aid, and scholarships.
- Maintain good records during this entire process. Make copies of everything you send.
- Read all college materials you receive carefully. Decide what you want from an institution: major, location, athletics, reputation, etc. Then, compare the requirements for admission and financial aid.
- If you did not take the Preliminary Scholastic Aptitude Test (PSAT) in the 10th grade, take it now to prepare for college admission's tests and to establish eligibility for the National Merit Scholarship.
- Acquire a study guide for the ACT/SAT and start to prepare for the test.

#### JUNIOR YEAR - SPRING

- Take the SAT and/or ACT (depending on what is required by the institutions you're interested in attending). Your high school guidance counselor can provide you with the test dates and descriptive brochures.
- Start to narrow your list of post-high school options. Make plans to visit the facilities that are most appealing to you.
- Research scholarship opportunities and visit at least two types of colleges; i.e., large/small, community college/university, academic/technical.
- Contact organizations sponsoring scholarships that you're eligible for and request information.
- Develop a resume of high school activities and awards, if you haven't already done so, and update as needed.
- Find a summer job to set aside money for school.
- Start submitting applications to schools of your choice. Some colleges will accept applications once your junior year is completed. Keep copies of everything you send.

# START NOW!

#### SENIOR YEAR - FALL

- Double check that you are taking the courses that will meet the admissions' requirements of the post-high school institution that you are planning to attend.
- Take the SAT or ACT again if you need a higher score to meet admission requirements, to be eligible for certain scholarships, or if you didn't take it your junior year.
- Apply to the colleges you are considering EARLY. Generally, during December, January, or February you may apply for regular admission.
- Watch for important scholarship and financial aid information and visit your counselor for scholarship opportunities and applications. Be aware of deadlines and plan accordingly.
- Think about what you want to say in your college essay.
- Ask teachers to write letters of recommendation for you if they are required for admission or scholarships.

#### SENIOR YEAR - WINTER

- Work with your parents to collect financial aid information and attend financial aid workshops together.
- Pick up and submit financial aid application. The most commonly used form in Idaho to seek federal financial aid is the Free Application for Federal Student Aid (FAFSA). Get it ready and mail the FAFSA after January 1. You may also need to fill out a separate form for institutional or state aid.
- Keep working on scholarship and financial aid applications. Remember to respond immediately to any requests for more information or for additional documents in your financial aid application.
- Who's home from college for the holidays? Visit with them about their college experience.
- Remind your parents to prepare their income tax statements as early as possible, since a photocopy of their return must be sent to most schools to which you have applied.

#### SENIOR YEAR - SPRING

- Read all of your mail!! There may be important news.
- You should be hearing from colleges now. After you receive letters of acceptance and financial aid awards, decide which school you'll attend.
- Mail in your acceptance form and deposit check as soon as possible. Pay attention to all deadlines and make sure that your applications are sent in on time. Ask about campus housing deadlines, specifically, because student housing fills up quickly.
- Review the financial aid package of the school of your choice with your parents. Be sure you understand each type of aid offered. Schedule an appointment with the school's financial aid director if you have questions. Don't forget to sign the financial aid award letter and return it by the deadline.
- Notify the financial aid office of the scholarships that you are receiving.
- Decline offers received from other institutions or organizations in writing.
- Complete any separate applications for loans you decide to accept.
- Participate in orientation programs for incoming freshmen offered by the school of your choice.

**Congratulations on graduating from high school and good luck in your new adventure!**

Approval of credit transfer and degree granting authority is under the governance of the State Board of Education. Credit transferability should be verified by the student prior to enrolling or transferring between institutions.

If you have questions about a particular institution, please contact that institution, or call the Office of the State Board of Education (208)334-2270.

# BOARD OF EDUCATION/ BOARD OF REGENTS

The Idaho State Board of Education/ Board of Regents of the University of Idaho has constitutional general supervision, governance, and control of all state educational institutions, public school systems, including public community colleges per Idaho Code 33-101. Idaho State-Sponsored Public Colleges and Universities (Boise State University, College of Southern Idaho, College of Western Idaho, Eastern Idaho Technical College, Idaho State University, Lewis-Clark State College, North Idaho College, and University of Idaho) are governed by the Idaho State Board of Education, supported by the Idaho legislature, and are regionally accredited institutions. Additionally, students have the ability to transfer credits from one Idaho

State-Sponsored Public College or University to another as well as to most other regionally accredited institutions.

Idaho-based Private Colleges and Universities (Brigham Young University-Idaho, Northwest Nazarene University, and The College of Idaho) are regionally accredited and, though not governed by the Idaho State Board of Education, have a long history of providing quality education in Idaho.

Idaho also has a number of other educational institutions both for-profit and not for-profit that provide educational opportunities to Idahoans. Some of these institutions are also included in this booklet. Since the

Idaho State Board of Education does not have governing authority over these institutions, the inclusion of these schools in this publication does not constitute an endorsement from the Idaho State Board of Education. For-profit degree-granting institutions registered in Idaho are granted permission to operate in Idaho pursuant to Idaho Code 33-2402 and 33-2403 and Administrative Rule 08.01.11. However, the Idaho State Board of Education has no direct oversight regarding transferability of credits, course offerings, or course content that for-profit degree-granting institutions offer.

## ACADEMIC INFORMATION

Actions speak louder than words at Boise State, where academic excellence in over 190 fields of interest is supported and rewarded.

- Advising and Academic Enhancement supports undergraduate students and provides tutoring and academic advising for undecided students.
- Student involvement in research is one of the hallmarks of Boise State. The Annual Undergraduate Research and Scholarship Conference provides students an opportunity to share their research projects and be recognized for exceptional work.
- Honors College offers talented, highly motivated students the personalized attention of a small liberal arts school while drawing upon the resources of a larger university.
- Center for Teaching and Learning is a high-tech facility in the nucleus of a university culture that values teaching and learning.
- "Finish in Four" guarantees that students who follow a planned course of study can complete their degree in four years.

Boise State students have a record of success on and off the blue turf:

- College of Engineering students celebrated a second-place overall win in the 2009 SAE Aero Design West competition held in Van Nuys, CA.
- Construction management students placed third in the Risk Management problem category at the Associated Schools of Construction (ASC) Inter-Scholastic Regional Competition and Conference held in Reno, NV.
- Harvey Neef Maneline Dancers took first place in the hip hop division at the USA National Collegiate Cheer and Dance Competition held in Anaheim, CA.
- Speech and Debate Team finished in second place in overall sweepstakes at the Pi Kappa Delta National Tournament.

## OPPORTUNITIES FOR STUDENTS

Our location in Idaho's capital city and center for business, arts, education and technology creates an abundance of opportunities for Boise State students.

- Over 1,300 Boise State students participate in internships each year, such as designing and implementing a program with the American Red Cross for responding and preparing for disasters.
- More than 2,000 Boise State students contributed nearly 52,000 public service hours to Treasure Valley non-profit agencies. Engineering students partnered with Living Independence Network Corporation (LINC) to create adaptive devices for people with disabilities.

## CAMPUS LIFE

Students from all 50 US states plus 60 countries share and participate in a rich environment where diversity is celebrated. The 67,000 square foot addition to our newly remodeled Student Union Building is a vibrant center for campus life, just minutes away from Bronco Stadium, Taco Bell Arena, the Student Recreation Center, and University Housing.

## CAMPUS CLUBS/ ORGANIZATIONS

There is always something to do in over 200 clubs and organizations at Boise state, including:

- Academic clubs
- Student government
- Professional organizations
- Political and social action groups
- Intramural sports teams
- Religious organizations

## CULTURAL EVENTS AND ENTERTAINMENT

Whether you prefer sports, live concerts, movie-going or a march for human rights, there are activities to appeal to every taste. And you'll enjoy it all while living in Boise – named in the top ten cities of the "Best Places to Live for 2009," according to U.S. News. Just across the river from campus, you'll find the Boise Art Museum, Ballet Idaho, Basque Museum and Cultural Center, Black History Museum, and other great venues. For pure entertainment, check out Rhodes Skate Park, Live After Five, Capital City Farmer's Market or shop at Boise Towne Square.

## SPORTS AND RECREATION

NCAA Division 1-A, Western Athletic Conference (WAC). Seven men's sports and 10 women's sports.

**Facilities:** The Stueckle Sky Center opened in August of 2008 as one of the premier entertainment and sporting venues in the West. The 90,000 square foot Student Recreation Center features basketball and racquetball courts, exercise and weight rooms, a multipurpose gym, indoor running track, and one of the largest collegiate climbing walls in the United States. A new Aquatics Complex will open in 2010.

Outdoor opportunities such as alpine skiing, mountain biking, 25 miles of hiking and biking trails on the Boise River Greenbelt, and whitewater rafting are within 30 minutes of campus.

Off-campus, you can cheer on Boise's many professional athletic teams, including Boise Hawks baseball, Idaho Steelheads ice hockey, Idaho Stampede basketball, and Boise Burn arena football.

## STUDENT SERVICES

- Health, Wellness and Counseling Services
- 15 free computer labs with wireless access, plus free laptop check-out in the Student Union building

- The Career Center assists students in finding employment while in college and after graduation
- Disability Services
- Bookstore and Bronco Shop
- 24-hour campus security

## ADMISSION REQUIREMENTS

Freshman admission is based on an index that uses GPA and ACT/SAT scores. The index gives more weight to high school grades than test scores. Students must complete the Idaho Admission Core classes for general admission. Plan to apply early in your senior year.

## PROSPECTIVE STUDENTS MUST SUBMIT

- Admission application by June 30, 2010
- \$50 application fee
- Official high school transcript
- ACT or SAT test scores

## FINANCIAL AID

Boise State distributes more than \$80 million annually in financial aid and participates in all federal and state aid programs, including grants, loans and college work study.

- Merit: Scholarships are based on scholastic achievement and involvement. Admission application materials and the Supplemental Scholarship Application must be received by February 15, 2010 to be considered.
- Performance Scholarships available for art, music, theatre and athletics (audition required).
- Need-based: Students must file the Free Application for Federal Student Aid (FAFSA). February 15, 2010 is the priority deadline.

## HOUSING

- Residential colleges create a bridge between living and learning. Students with similar academic interests and goals are joined by faculty-in-residence.
- A brand new dining facility called The Boise River Café opened in 2009.
- Rooms include free Internet and phone access, air conditioning and cable television. Single and double rooms are available as well as a variety of floor plans.

# COLLEGE OF SOUTHERN IDAHO

## TWIN FALLS

The College of Southern Idaho (CSI) is a two-year community college offering a broad range of programs and services in a supportive learning climate. Our spacious 300-acre campus is located in Twin Falls (population 40,000). Since opening in 1965, CSI's enrollment has grown to more than 7,000 students. CSI is an ideal choice for students who seek a first-class education in a caring environment where students are treated as people not numbers. Amid rising college costs, CSI offers an affordable option.

# COLLEGE OF WESTERN IDAHO

## NAMPA

The College of Western Idaho (CWI) is bringing expanded educational opportunities to the residents of the Treasure Valley. As Idaho's newest community college, we celebrated our premier semester in January 2009 with 1200 students attending. CWI offers a range of academic courses leading to an Associate Degree or pre-baccalaureate studies. We offer programs that prepare you to transfer to a four-year college or university to complete a baccalaureate degree. At Idaho public universities, your Associate degree will satisfy your "general education requirements."

CWI also serves as the Idaho State Board of Education designated provider of Professional Technical Education in Southwest Idaho. The Larry Selland College (formerly of BSU) programs have transitioned to the College of Western Idaho. We are the Idaho community college serving the needs of Southwest Idaho for Adult Basic Education, Workforce Development, Professional Technical Education, Liberal Arts and Transfer degrees, and community interest and enrichment opportunities!

\*The College of Western Idaho delivers college credit instruction, certificates and degrees through its memorandum of understanding with the College of Southern Idaho (CSI). CSI is accredited through the Northwest Commission on Colleges and Universities (NWCCU). Credits, certificates and degrees earned at CWI appear on CSI transcripts and are transferable to four-year institutions, subject to the specific policies of those institutions.

## ACADEMIC INFORMATION

NIC offers both an Associate of Arts and Associate of Science to provide a solid foundation of general core classes toward your Bachelor's degree.

NIC offers many certificate and Associate of Applied Science degrees to provide specialized training for your chosen career that may not require more than 10 months in school.

## TRANSFER PROGRAMS

NIC can fulfill the first half (100 and 200-level courses) of many different Bachelor degree programs. Choose from over 40 academic program areas or "majors."

Transferring credits is easy. An Associate of Science degree fulfills the general core requirements at all of Idaho's public four-year institutions. An Associate of Arts degree creates a smooth transition to most private and out-of-state institutions.

## PROFESSIONAL-TECHNICAL PROGRAMS

NIC provides specialized training in 36 professional-technical programs that lead to certificates or associate of applied science degrees. Many programs require or encourage internships as part of the program.

NIC Professional-Technical students can move into the workforce immediately with most students finding jobs before they graduate.

## CAMPUS LIFE

Academics and extracurricular activities go hand-in-hand at NIC. And there are no juniors and seniors here, so opportunities are wide open for all our students!

With a new residence hall, new Health Sciences Building, an active student government, and unlimited opportunities in clubs, intramural sports, and outdoor recreation, our students have the best of all worlds.

### A typical day at NIC?

1. Bike or rollerblade along the Centennial Trail
2. Breakfast
3. Attend classes
4. Take advantage of free tutoring
5. Cruise Lake Coeur d'Alene in a kayak or go snowboarding with the Friday Afternoon Club in the winter
6. Dinner
7. Study at beach

## CAMPUS ACTIVITIES/ ORGANIZATIONS

- Associated Students of North Idaho College (ASNIC): Get involved with student government and run for office
- Many clubs to choose from: academic, cultural, social, and religious
- The Sentinel: Join the staff of one of the nation's top collegiate newspapers
- Theater/Music: Perform in a drama or musical group

## CULTURAL EVENTS AND ENTERTAINMENT

NIC is the core of arts and entertainment for the Coeur d'Alene community. The campus boasts popular student- and community-sponsored events throughout the year.

- Comedians and school plays

## ACADEMIC INFORMATION

Our students study, and in some cases live, side-by-side with professors who challenge and encourage them to expand personal and intellectual boundaries every day. This close, personal attention is why we are competitive on a national scale in terms of retention and graduation rates. Additionally, we offer many of the state's most highly ranked programs and majors—one big reason why our students are accepted to top graduate schools and take leadership positions in business and government.

- UI consistently attracts the state's highest achieving students; average GPAs and SAT/ACT scores are the highest in the state
- The University of Idaho offers more than 140 undergraduate majors from agribusiness to virtual technology and design. Students also can earn minors in nearly 100 areas of study
- Graduate students earn Master's and specialist's degrees in 77 fields
- Doctoral degrees are offered in 33 areas of study
- UI grants the only law degree in the state
- Advanced degrees are offered through regional cooperative programs in veterinary medicine and medical education
- UI ranks second in the Northwest in enrollment of National Merit Finalists
- All students have free, unlimited high-speed Internet access; there is wireless connectivity throughout campus; and the University operates with a new fiber-optic, 2.4 gigabits per-second network connection

## OPPORTUNITIES FOR STUDENTS

- At UI, students can choose from a wealth of hands-on, applied learning opportunities
- Undergraduate and graduate research
- Community involvement through service learning
- Regional, national, and international internships
- Study Abroad and National Student Exchange programs

## STUDENT SUCCESS

UI students contribute to a legacy of achievement.

- Sarahi Ramirez, a McNair Scholar, won the Blue Ribbon Award at the Sigma Xi Poster Competition for her research that models how certain antibodies can treat methamphetamine addicts.
- Junior Tyler Shaw's animated film "No Use," produced for his University of Idaho animation class, won the After Hours Film Society Merit Award.
- Ten University of Idaho students have been picked to conduct independent research and study this summer in laboratories across the state through the Idaho IDEa Network of Biomedical Research Excellence as summer research fellows. Those students are: Michael Cantrell and Angela Spangler, both of Boise; Cassandra Davis of Hayden, Jenny Durrin, Rebecca Evans and Roxana Hickey, all of Moscow; Katie Margulieux of Meridian, Christina Mitchell of Snohomish, Wash.; and Alden Ranberg of Rathdrum. Charlotte Chadwick of Boise will study at Idaho State University.
- Andi Stebleton, master's degree student, and Susie Douglas, senior in fire ecology and management, both won outstanding student nationwide awards from the Association for Fire Ecology, recognizing their involvement in the fire profession, academic achievements, and efforts toward professional goal achievement.
- The University of Idaho's PGA Golf Management (PGM) students took first place in the PGA Jones Cup against the 19 other PGM-certified schools in the U.S. The Idaho team rallied from a two-stroke, first-round deficit to grab the title with a two-day winning total of 615 in the 36-hole event.

## CAMPUS LIFE

Students at UI enjoy a beautiful, secure residential campus, idyllic for academic pursuits. More than 90 percent of freshmen live on campus and participate in a variety of living-learning opportunities and events.

# University of Idaho

A LEGACY OF LEADING

## CAMPUS CLUBS/ ORGANIZATIONS

- UI is the only university in the state to offer ROTC programs in all four branches of the military – Air Force, Army, Marines and Navy
- Multiple faith-based clubs and activities
- Student radio station, campus newspaper and magazine

## CULTURAL EVENTS AND ENTERTAINMENT

- The world's top-rated educational jazz festival, the Lionel Hampton International Jazz Festival in February
- Year-round theater, music, and dance activities
- Films, lectures, speakers, concerts, and international cultural events sponsored by students from more than 75 countries

## SPORTS AND RECREATION

- NCAA Division 1-A athletic teams play in the Western Athletic Conference (WAC)
- 21 club sports that include soccer, men's and women's rugby, baseball, ice hockey, skiing, and snowboarding
- 35 intramural sports
- Student Recreation Center with gyms, fitness and weight training areas, and a 55-foot-tall climbing wall
- On-campus 18-hole golf course
- Indoor swimming and diving center
- Nearby world-class skiing, snowboarding, kayaking, hiking, mountain biking, and camping
- Outdoor Program and equipment rental

## STUDENT SERVICES

- Annual Career Fair in Moscow for all majors every year with specific major career fairs throughout the year
- Student employment and job location services assist in finding on- and off-campus jobs

- The Office of Multicultural Affairs offers social and educational programs for students interested in diversity and the University has recently established a Multicultural Student Center and a Native American Student Center
- Three religious centers on campus: the Campus Christian Center; the LDS Institute of Religion; and St. Augustine's Catholic Center

# ADMISSION STANDARDS/ACCELERATED LEARNING

## ACADEMIC ADMISSIONS STANDARDS

In addition to meeting minimum GPA and ACT/SAT requirements, graduates from accredited high schools in 1989 or later must complete a specific set of college preparatory courses with a minimum 2.0 grade point average to be admitted to Boise State University, Idaho State University, Lewis-Clark State College or the University of Idaho with regular admission. Students who will not have completed the Idaho College Admission Core upon graduation may be considered for Conditional Admission.

ENGLISH: 8 Credits. Composition, Literature

SOCIAL SCIENCE: 5 Credits. American Government, Geography, U.S. History, World History, Economics, Psychology, and Sociology

MATHEMATICS: 6 Credits. Applied Math I or Algebra I; Geometry or Applied Math II or III; and Algebra II. **A total of 8 credits are strongly recommended.** Other courses may include Probability, Discrete Math, Analytic Geometry, Calculus, Statistics, and Trigonometry. Four (4) credits must be taken in grades 10-12

NATURAL SCIENCE: 6 Credits. Anatomy, Biology, Chemistry, Earth Science, Geology, Physiology, Physical Science, Physics, Zoology. A maximum of two (2) credits may be derived from professional-technical science courses and/or Applied Biology, and/or Applied Chemistry as jointly approved by the State Department of Education and the State Division of Professional-Technical Education. At least 2 credits must be met from courses which include a laboratory experience

HUMANITIES/FOREIGN LANGUAGE: 2 Credits. Literature, Fine Arts, History, Philosophy, Foreign Language and interdisciplinary humanities (related study of two or more of the traditional humanities disciplines.) Foreign language is strongly recommended. The Native American Languages may meet the foreign language credit requirement

OTHER COLLEGE PREPARATION: 3 Credits. Speech or Debate (no more than one credit), Studio/Performing Arts (Art, Dance, Drama, Music), and additional foreign language. Up to 2 credits of approved professional-technical courses may apply. Consult your high school counselor

## PROFESSIONAL-TECHNICAL ADMISSIONS STANDARDS

Students seeking Regular Admission (leading to an AAS degree or certificate) to an Idaho technical college must meet the following standards: a high school diploma with a minimum 2.0 GPA; a placement examination (CPT, ASSET, ACT, COMPASS, or SAT); and satisfactory completion of high school coursework that includes at least the following:

MATHEMATICS: 4 CREDITS from challenging math sequences. Two credits must be taken in the 11th or 12th grade. Recommended: 3 years (6 credits)

NATURAL SCIENCES: 4 CREDITS including at least two credits of laboratory science from challenging science courses. A maximum of two (2) Natural Science credits may be derived from approved courses in Applied Biology, Applied Chemistry, and/or Applied Physics. Recommended: 3 years (6 credits) with 2 years (4 credits) in laboratory sciences

ENGLISH: 8 CREDITS Applied English in the Workplace may be counted for English credit

Other College Preparation: Applied technology courses, including Tech Prep sequences and organized work-based learning experiences connected to the school-based curriculum, are strongly recommended.

Each Professional-Technical College establishes specific program requirements (including placement exam scores) that must be met before students can enroll in those programs.

Conditional Admission: A student who does not meet the established requirements for regular admission may be admitted on conditional status with a high school diploma or GED and a placement exam. (The professional-technical colleges can also help you with your GED.) Contact the professional-technical college admissions office of choice for further information.

## ADVANCED OPPORTUNITIES LEARNING PROGRAMS

Students at Idaho colleges and universities may earn college credit for education completed while enrolled in the secondary system.

The College Board Advanced Placement (AP) Examinations: The College Board provides AP exams in a variety of subject areas. The tests are taken while you are still in high school.

The Educational Testing Services College Level Equivalency Program (CLEP) Tests: Some Idaho colleges and universities provide credit for CLEP General or CLEP Subject examinations, or both. CLEP General Examinations cover broad areas of study such as mathematics, history, etc. For more information on AP, CLEP and dual credit programs, contact your high school counselor. (See page 50 for more information.)

Tech Prep: The Tech Prep program allows students to receive technical college credit for a high school professional-technical course (or combination of courses) that has been evaluated and determined to be equivalent to a technical college course. For more information, contact your high school counselor.

The institution you plan to attend may also offer credit based on other criteria. For more information, contact the college or university.

## PROGRAM INFORMATION

Programs, located in six technical colleges throughout the state, prepare students for a rewarding career. Most programs lead to an Associate of Applied Science (AAS) or a technical certificate in one to two years. Curricula is tied directly to requirements in business, helping to insure students are ready for the workplace when they graduate. In addition, many AAS programs bridge to a 4-year Bachelor of Applied Science (BAS), or Bachelor of Applied Technology (BAT) degree, thus providing more opportunities for students. See page 34 for a listing of technical programs in Idaho.

## BENEFITS TO STUDENTS

- Instructors from business and industry who bring years of work experience to the classroom
- Smaller classes with more personalized attention for students
- Education tied to employment that may include internships, clinical experience, or apprenticeships

## OPPORTUNITIES FOR STUDENTS

- Skills that lead to employment opportunities in jobs with higher than average wages
- Tech Prep Credit options to earn college credit while in high school
- Leadership training and skill development through hands-on experience in professional-technical student organizations
- BPA – Business Professionals of America
- DEX – Delta Epsilon Chi – national association of postsecondary marketing students
- HOSA – Health Occupations Students of America
- SkillsUSA – Students in trade, industrial, technical and health occupations training

## Idaho Division of Professional-Technical Education

## FINANCIAL AID

Idaho technical colleges participate in all federal and state student financial aid programs providing grants, loans, and college work study.

The Idaho Promise A Scholarship and the Idaho Governors Cup Scholarship provide scholarships for professional-technical students. Students should check with their high school counselor for more information.

Students interested in applying for scholarships to individual technical colleges should check with their high school counselor or technical college of interest by December for applications and deadlines.

Scholarships are available through student professional-technical organization foundations and private businesses that support professional-technical education in Idaho. Contact the Scholarship or Financial Aid Office at the technical college of choice.

# FINANCIAL AID OPPORTUNITIES IN IDAHO

## LEVERAGING EDUCATIONAL ASSISTANCE PARTNERSHIP (LEAP) PROGRAM

This grant aids students attending a public or private college or university within the state of Idaho.

Eligible students must have financial need and may be enrolled part-time. Awards average approximately \$400 per academic year for full-time students.

Contact the financial aid office of the Idaho college or university you plan to attend for its application form and information about deadlines.

## IDAHO MINORITY AND "AT-RISK" STUDENT SCHOLARSHIP

The Idaho Legislature established the Minority and "At-Risk" Student Scholarship to assist talented students who are "at-risk" of failing to obtain a college education because of their cultural, economic, or physical circumstances. The award is \$3,000 a year and is renewable for up to 4 years.

To qualify, you must:

- Be a resident of Idaho
- Be a graduate of an Idaho high school
- You must also meet 3 of the following 5 criteria:
  1. Be a first generation college student
  2. Be disabled
  3. Be a migrant farm worker or the dependent of a migrant farm worker
  4. Have substantial financial need
  5. Be a member of an ethnic minority historically under-represented in higher education (Native American, Hispanic, or black non-Hispanic)

Recipients must be full-time, undergraduate students of Cofl, BSU, BYU-I, CSI, CWI, EITC, ISU, LCSC, NIC, or UI. For more information, contact the financial aid office of the college or university you plan to attend.

## ROBERT C. BYRD SCHOLARSHIP

This scholarship is a federally funded program awarded on the basis of merit and available conditional on continued federal funding. The award is \$1,500 per year and may be renewable.

To qualify, you must be a current graduating senior of an Idaho high school or have the equivalent of a certificate of graduation recognized by the State of Idaho and have demonstrated outstanding academic achievement and show promise of continued academic success.

The application deadline is January 15. Apply on online at: [www.boardofed.idaho.gov](http://www.boardofed.idaho.gov).

## THE OPPORTUNITY SCHOLARSHIP

The Opportunity Scholarship is a need-based scholarship program established by the State of Idaho. To apply for this program, applicants will need to apply for federal financial aid using the Free application for Federal Student Aid (FAFSA) by March 1. See the following site for updates: [www.boardofed.idaho.gov](http://www.boardofed.idaho.gov).

## EDUCATION INCENTIVE LOAN FORGIVENESS

The Education Incentive Loan Forgiveness Program encourages graduates of Idaho high schools to pursue teaching or professional nursing careers at an Idaho college or university and to work in Idaho.

For consideration, you must have graduated from an Idaho high school and:

- Enroll as a full-time student in an Idaho college or university, pursuing a program of study toward an Idaho teaching certificate or licensure by the Board of Nursing as a registered nurse, and
- Pursue a teaching or nursing career within the state of Idaho for a minimum of 2 years

To apply, contact the financial aid office of the Idaho public college or university you plan to attend.

## IDAHO GOVERNOR'S CUP SCHOLARSHIP

The Idaho Governor's Cup Scholarship provides scholarships to Idaho high school and home schooled seniors who demonstrate a strong commitment to public service and leadership. The number of awards is conditional on the availability of funds. Awards will be available to scholars pursuing academic and professional-technical programs. The amount of the award is \$3,000 a year and is renewable for up to 4 years for academic programs and for the term of the professional-technical program, up to 3 years.

To qualify, you must:

- Be a resident of Idaho
- Be a current graduating senior of an Idaho high school or home school
- Enroll as a full-time student in an academic or professional-technical program at an Idaho college or university
- Have a cumulative GPA of 2.8 or above, and
- Academic applicants must provide ACT or SAT test scores

A high consideration for selection will be based on a demonstrated commitment to public service.

The application deadline is January 15.

Apply on online at: [www.boardofed.idaho.gov](http://www.boardofed.idaho.gov).

## IDAHO CAREER INFORMATION SYSTEM (CIS)

The Idaho Career Information System (CIS) contains up-to-date information on U.S. and Idaho scholarships, loans, and other aid sources. CIS describes thousands of different sources of financial aid — scholarships, loans, and grants. You can also get a list of scholarships, both Idaho-based and national, that match your education plans and personal characteristics. See page 5 for more information or visit [www.idahocis.org](http://www.idahocis.org) (get a user name and password from your school counselor).

## RESOURCES FOR VETERANS

Colleges help veterans receive their "G.I. Bill" education benefits through their "Certifying Official" and "Veteran's Affairs" (VA) offices, frequently associated with the Registrar's or Financial Aid Offices at colleges and universities. Students eligible to receive VA education benefits should contact the office prior to registration to assure timely submission of claim. The Division of Professional-Technical Education at (208)334-3216 must approve each program offered by a school or company. If you want to know if you may receive benefits for a specific program, contact the nearest VA regional office at 1-800-827-1000.

## ATWELL PARRY WORK STUDY PROGRAM

The Atwell J. Parry Work Study Program provides employment opportunities and valuable work experience for Idaho resident students who demonstrate financial or educational need. Students may be employed on campus or in approved off-campus jobs.

To be eligible for the program, you must be an Idaho resident enrolled at a participating accredited institution of higher education at least half time and demonstrate satisfactory academic progress.

To apply, contact the financial aid office of the Idaho college or university you plan to attend.

## ROBERT R. LEE PROMISE A SCHOLARSHIP

The Promise A Scholarship, formerly the State of Idaho Scholarship, provides approximately 30 new awards of \$3,000 each year to talented Idaho high school students who attend an Idaho college or university. The scholarship is awarded to both academic and professional-technical students and is renewable for up to 4 years for academic programs and for the term of the professional-technical program—up to 3 years.

To qualify, you must:

- Be a resident of Idaho
- Be a current graduating senior of an Idaho high school, and
- Enroll as a full-time student in an academic or professional-technical program at an Idaho college or university

Academic applicants must have a cumulative GPA of 3.5 or above and an ACT score of 28 or above.

Professional-technical applicants must have a cumulative GPA of 2.8 or above, and must take the Compass test (reading, writing and algebra scores are required).

**The application deadline is January 15.**

Apply online at: [www.boardofed.idaho.gov](http://www.boardofed.idaho.gov).

## ROBERT R. LEE PROMISE B SCHOLARSHIP

The Promise B Scholarship will provide up to \$250 per semester for two years to qualified Idaho high school graduates who continue their postsecondary education at an Idaho college or university.

To qualify, you must:

- Be a resident of Idaho
- Have completed high school or its equivalent in Idaho
- Have a GPA of at least a 3.0 or an ACT score of 20 or higher
- Enroll as a first time student in an Idaho college or university
- Complete at least 12 semester credits
- Be under the age of 22 by July 1 of the application year

For more information, contact the Idaho college or university you plan to attend.

# FINANCIAL AID OPPORTUNITIES IN IDAHO

## FINANCIAL AID & SCHOLARSHIPS

College is an investment in your future, so it is important to plan ahead. Fortunately, there are many forms of financial aid to help you and your family manage the costs. While your high school guidance counselor can provide you with specific information, here are some general sources of what's available. Also, see page 46 for helpful tips on avoiding scholarship scams.

## TYPES OF FINANCIAL AID

### Scholarships

Awarded for a variety of reasons, such as financial need, good grades, special talents, or career plans. For details, contact the scholarship office of your chosen school.

### Grants

State or Federal money based on financial need that you don't need to repay.

### College Work-Study

Money you can earn for school by working part-time for the college or university that you attend.

### Loans

### ACADEMIC INFORMATION

BYU-Idaho offers approximately 13 Associate and 60 Baccalaureate degree programs. Bachelors degrees are divided into two categories: integrated and specialized. Specialized Bachelors degrees require students to complete 70 credit hours in their major area of study. This type of degree is the usual offering at colleges and universities. Integrated Bachelors degrees are an offering unique to BYU-Idaho. Integrated degrees require a student to complete 45 credit hours in a major. The remaining credits can be tailored to a student's specific postgraduate intentions and interests. Integrated degrees give students a broader learning experience. For a complete list of majors, please visit [www.byui.edu/majors](http://www.byui.edu/majors).

### ADMISSION REQUIREMENTS

BYU-Idaho exists to provide an education consistent with the religious and family values taught by The Church of Jesus Christ of Latter-day Saints. We admit persons without regard to gender, race, creed, religion, national origin, age, or disability who meet the requirements; who agree to abide by the Honor Code and Dress and Grooming Standards; and who are otherwise qualified based upon available space.

In selecting a class of about 4,000 new freshmen, the admissions committee considers the following: church and seminary activity (LDS), personal commitment to living the standards, academic preparation, ACT or SAT, out-of-class activities, and an essay.

### THREE TRACK SYSTEM

BYU-Idaho operates year-round with three distinct 14-week semesters: Fall, Winter, and Spring. Each student is admitted to a track consisting of two semesters: Fall/Winter, Winter/Spring, or Spring/Fall.

Students can only enroll in classes during their assigned track and they must remain on the same track through graduation. Because of the Three Track System, BYU-Idaho is able to admit over 3,000 students each year who would otherwise be turned away due to limited space and resources.

### APPLY ON-LINE

You may apply online for admission at [www.besmart.com](http://www.besmart.com). For additional information about the admissions process, helpful checklists, admissions programs, and more, please visit [www.byui.edu/admissions](http://www.byui.edu/admissions).

### ACADEMIC INFORMATION

Since its founding in 1891, The College of Idaho has had a reputation for preparing students for success through a rigorous academic program grounded in the liberal arts and sciences. While the academic course work is challenging, you will have all the support you need to succeed. One of the most distinctive aspects about The College of Idaho is the relationship between students and professors. With an average class size of 11 and one full-time faculty member for every 9 students, you will never be a nameless face. Perhaps more importantly, The College of Idaho professors are dedicated to teaching, using their research as a tool to ensure their students have the very best education. At C of I, students interact with professors in the classroom and develop friendships with teachers who often become mentors for life.

The College of Idaho's student focus extends well beyond the walls of the classroom. Students serve on every governing board and committee. Here, students have the opportunity to shape college policy and leave a permanent mark on the institution. For example, in recent years a student faculty committee worked to institute a campus-wide honor code.

**Student Success:** The College of Idaho has a proven track record of providing students with the tools necessary to find success in their chosen field, or to continue their education at some of the country's top graduate programs (Harvard and Stanford Medical Schools, Rutgers Law School, Carnegie-Mellon, the University of San Francisco, and Oxford University, to name a few). About half of all C of I graduates decide to go on to pursue a graduate degree in their field, and 96% of C of I graduates either attend graduate school or are employed 6 months after graduation. Dedicated faculty and our Center for Experiential Learning help students obtain internships and, after graduation, assist with career placement.

**Travel:** Learning extends well beyond the classroom at The College of Idaho. Forty-five percent of C of I students study abroad. The college's unique schedule provides many opportunities for travel. During the winter term, students are invited to broaden their horizons during faculty-led study-abroad trips. Students have recently studied in Thailand, London, Australia, Costa Rica, France, Germany, and Peru.

### BEYOND THE CLASSROOM CAMPUS CLUBS/ ORGANIZATIONS

With more than 60 student organizations, something is always happening on campus. The organizations range from improv theatre clubs to the service group Circle K International. Students will also find an active Greek community with six national fraternities and sororities, and one local sorority active on campus. The Campus Ministries program allows students to continue to grow in faith during their academic career. The program is non-denominational and offers late night worship services, small-group Bible study, and service opportunities.

### CULTURAL EVENTS AND ENTERTAINMENT

At The College of Idaho, learning continues well beyond class time, and often during the fun and excitement of campus activities. Options include student-run programming to professional performance troupes. The student-elected Program Council plans events ranging from concerts and comedians to Homecoming and Spring Fling. The International Student Organization gives students the opportunity to explore other cultures through the exchange of ideas over traditional foods during international 'snack feeds.' The Caldwell Fine Arts brings world renowned musicians and entertainers to The College of Idaho campus and invites students to attend the performances.

### HOUSING

The campus has four co-ed residence halls, including the newly refurbished Simplot and Hayman Halls. These residence halls have both single and double rooms available. The majority of the freshman class lives in Hayman Hall, and all halls are equipped with full kitchens, at least one computer lab, free laundry facilities, and common lounges. All rooms have their own air conditioning and heating units.

### SPORTS AND RECREATION

C of I students are just as competitive on the playing field as they are in the classroom. In fact, The College of Idaho has recently set a new NAIA record, with 46 NAIA or USCSA Academic All-Americans! With 19 intercollegiate sports, there are plenty of opportunities to get in the game as a team member or as a screaming 'Yote fan. The College competes in the NAIA in men's and women's soccer, long distance running, track and field, swimming, skiing (USCSA), snowboarding, basketball, golf and tennis; men's baseball; and women's volleyball, and softball. Men's tennis is the most recent addition to our athletic program. Students also have the option of participating in the intramurals program or on the club lacrosse teams. An alternative to organized sports, and an opportunity to explore the great outdoors, can be found in the Outdoor Program (OP). The OP is a student-run program that provides equipment, training, and guided trips into Idaho's wilderness. Activities include rock climbing, kayaking, hiking, mountain biking, camping, and whitewater rafting.

### ADMISSION INFORMATION

Admission is offered on a rolling basis until the class is full. Early applications are accepted from students between the summer of their junior and senior year. While the application gives students the benefit of an early application and scholarship decisions, it does not commit the student to attending the college.

### PROSPECTIVE STUDENTS MUST SUBMIT

- The College of Idaho, Common or Universal Application
- No application fee
- Official high school transcript
- ACT or SAT scores
- Recommendation
- Personal Essay
- Interview is recommended but not required

### FINANCIAL AID

The College of Idaho is committed to providing access to all qualified students.

- Ninety-eight percent of students receive some form of financial aid or scholarship
- Students with a proven track record in the classroom are rewarded for their work with merit-based scholarships
- The Free Application for Federal Student Aid (FAFSA) is required to help determine student need

### TYPES OF AWARDS

- Merit awards are given based on GPA, ACT or SAT scores, essays and recommendations
  - A competitive full tuition scholarship is available for students with a 3.85 cumulative GPA or higher and 31 (ACT) or 1380 (SAT) scores or higher. A student interested in the Heritage program should contact the admission's office for further information
- Performance-based awards are available for art, music, theatre, debate, and athletics. A try-out, audition, or additional application materials may be required
- Need-based aid is awarded after the FAFSA is submitted
- Kathryn Albertson Scholar Competitor is an on-campus scholarship competition in the fall

### CAMPUS VISITS

The College of Idaho highly encourages students and parents to visit the campus to ensure that the college is the right fit. The best time to visit campus is during the week when classes are in session. This gives visitors the opportunity to sit in on a class, meet professors and students, and observe campus life on a normal day. Calling ahead to schedule a visit is recommended, and allows the visit center to personally tailor the visit to fit the student's interests.

# NEW SAINT ANDREWS COLLEGE

## MOSCOW

New Saint Andrews is a selective classical Christian liberal arts college offering a rigorous higher education, not majors. Following Harvard's classical Christian curriculum from the mid-1600s with Oxford-style small group recitations, the College integrates the languages, history, philosophy, and culture of classical antiquity and Western tradition in the light of Scripture.

## ACADEMIC PROGRAMS

New Saint Andrews is a limited-enrollment, non-residential college located on Friendship Square in historic downtown Moscow. The College limits enrollment to no more than 200 students so that faithful faculty, instead of ever-increasing enrollment, define the character of the College. With a student-faculty ratio of 11:1, students enjoy close personal attention from faculty. Students graduate with either a two-year (A.A.) or four-year (B.A.) degree in Liberal Arts and Culture. The College's graduate programs include an M.A. in Trinitarian Theology and Culture and an M.St. in Classical Christian Studies.

## STUDENT PROFILE

New Saint Andrews College has outstanding students who have been readily accepted into graduate and professional programs across the country. They rank among the top three percent nationally on the ACT and SAT exams and have the highest combined averages on those tests among all Idaho public and private post-secondary institutions. NSA graduates typically score in the 80-90 percentiles on graduate exams (GRE, GMAT, LSAT, etc.). Students come from more than 30 states and five foreign countries to study at New Saint Andrews and represent more than 20 different Christian denominations.

## ADMISSIONS REQUIREMENTS

New Saint Andrews only accepts 50 to 60 new students each year. The Admissions Committee gives careful attention to an applicant's record in English, languages, history, math, and social studies in order to assess the student's ability to meet the College's significant reading and writing requirements. Previous Latin and classical studies are not required, but they may prove helpful in demonstrating a student's ability and commitment to pursuing the College's classical curriculum. Go online to see other application requirements.

*Please note that courses or degrees from this institution may not currently transfer to Idaho Public Institutions.*

## FINANCIAL AID

New Saint Andrews does *not* participate, on principle, with any government-sponsored financial aid programs. Instead, the College is dedicated to building a base of privately funded scholarships for needy and deserving students. New Saint Andrews does not accept federal aid.

## COLLEGE VISITS

The College invites prospective students and their families to visit New Saint Andrews during our fall, winter, or spring Prospective Student Weekend events which run Friday through Monday. Visitors to campus are always welcome, but for the dates and times of upcoming Prospective Students Weekends, call the Office of New Student Services at (208) 882-1566.

## STUDENT ACTIVITIES

New Saint Andrews does not have an intercollegiate athletic program, nor does it have a recreation center. Club sports and community activities include rugby, basketball, volleyball, theater, dancing, nursing home visitations, and choir groups.

## ACCREDITATION

New Saint Andrews College is an accredited member of the Transnational Association of Christian Colleges and Schools ([www.tracs.org](http://www.tracs.org)), which is recognized by the United States Department of Education (USDE), the Council for Higher Education Accreditation (CHEA), and the International Network for Quality Assurance Agencies in Higher Education (INQAAHE).

# HOW DO I AVOID SCHOLARSHIP SCAMS?

## IF YOU HAVE TO PAY MONEY TO GET MONEY, IT'S PROBABLY A SCAM

Finding financial aid is no simple task. Financial aid experts advise students to be prepared to put in hours of research and paperwork. Unfortunately, many students and their families are overwhelmed by the work involved and are still unaware of the free sources of financial aid information. They end up paying hundreds of dollars to companies offering to help them find money for college. These services use information about the student and family to provide information about scholarships for which the student "may" be eligible. In addition to providing scholarship source lists, some of these services claim to actually help with students' applications, or "do the work for you."

People who have paid for such services report problems, such as out-of-date scholarship contact names and addresses, or scholarships that are strictly for people of another race, gender, or age group appearing on a "personalized" list furnished by the service. Some of the listed scholarships are for specific disciplines and many students are ineligible. Many sources on the lists actually turn out to be either loan programs or contests. Some fraudulent companies require the student to apply for every scholarship or grant on the company's list and to provide proof of rejection for each one

before giving any refund, conditions that are not disclosed until after the student pays the up-front fee. Because many of the sources on the lists don't provide scholarships or have expired deadlines, it may be impossible for consumers to obtain the required rejection letters.

Be wary of scholarships with an application fee, scholarship-matching services who guarantee success, advance-fee loan scams, and sales pitches disguised as financial aid "seminars." Compare the private search company's offer to the information available before paying for this information. About 95 percent of college aid comes from state or federal government agencies. If students are suspicious of a scholarship offer, they should visit their high school guidance counselor, or those out of high school should call or visit a college financial aid office.

## IDAHO ATTORNEY GENERAL'S CONSUMER PROTECTION UNIT

According to the Idaho Office of the Attorney General, "students and their parents should realize that applying for college aid is hard work and that only the student can complete applications, gather recommendations, and write the essays required. No company is going to do all that even for a large fee."

## FOR EXAMPLE:

Only students and their parents have the information required to compute "official" financial need; to accurately complete government and institutional financial aid forms; to understand their own goals and preferences; and to sort through the thousands of scholarships, loans, and grants that are available each year.

Once a list of prospective sources of aid is assembled, only the student can complete the application materials. At a minimum, there will be an application form to fill out, as well as projects, a resume, a letter, or a collection of references.

The Idaho Attorney General's Consumer Protection Unit has a tip sheet that discusses services that offer financial aid searches for a fee. You can access this tip sheet by calling 1-800-432-3545, or go to [www2.state.id.us/ag/](http://www2.state.id.us/ag/). Once you access this web site, go to "Consumer Protection" then "Consumer Information." Scroll down until you see "Scholarships," and click on "Searching for Scholarships."

Idaho dual credit partnership is a collaborative effort between colleges, universities, and school districts.

## PROGRAM PROFILE

Dual Credit is a collaborative partnership between Idaho's colleges/universities with high schools to provide college courses for high school students. The high school instructors partner with college/university academic departments to deliver college-level courses. This program provides an opportunity for high school students to receive both high school and college credits for pre-approved courses. Most universities allow the high school students access to their library for research, a student ID card, and access to events on campus. Students receive a letter grade based on work completed during the duration of the class which will be reflected on a college transcript.

Students are also able to take classes on-line, via distance education, as well as on the college/university campus.

## PROGRAM BENEFITS

- Enhances ability and skills to do college-level work, and aids students in gaining confidence for college success.
- Brings college/university faculty and high school teachers together to share methods, ideas, and experiences that benefit the students.

## ABOUT DUAL CREDIT OPPORTUNITIES

- College/university classes are taught in a variety of methods and offered throughout the day to serve the students. Classes are typically offered in the high schools during the regular school day, as well as on the college campus and through interactive video or on-line.
- Courses are taught by high school teachers who have been pre-qualified by the college/university academic departments and meet adjunct-status hiring requirements.
- Courses must be listed in the college/university catalog and apply toward a college/university degree and may apply towards high school graduation.
- Students registering for dual credit classes generate a regular college transcript.
- Students should be 16 years old or have successfully completed at least half of their high school requirements.
- Colleges and universities monitor and support the quality of instruction.

## IMPORTANT FACTS

### Transferability of Credits

Dual credit courses are accepted by all Idaho institutions of higher education and most institutions outside of the state. Idaho's colleges/universities are accredited by the Northwest Commission on Colleges and Universities. Students are encouraged to consult with the institution of their choice regarding the transferability of credits earned. To request official transcript information go to the individual institution's Website.

### Registration Process for Dual Credit courses

Registration takes place in the fall and spring semesters for dual credit courses. The students are enrolled in the classes using the high school's calendar. Students taking classes on the institution's campus or via distance learning follow the application process and the academic calendar for each college/university. Visit their Website for more information.

### Cost

For dual credit courses offered at the high school campus, the statewide cost is \$65 per credit.

## MEDICINE

### **Idaho WWAMI - University of Washington School of Medicine:**

The Washington-Wyoming-Alaska-Montana-Idaho (WWAMI) Regional Medical Education Program allows a limited number of Idaho students the opportunity to study medicine using the combined resources of the University of Idaho and the University of Washington School of Medicine in Seattle. Idaho partially subsidizes the cost of fees and tuition for each Idaho student admitted to the program. WWAMI medical students can complete three of their four years of medical education in Idaho, in Moscow, Boise, and throughout the state. For more information, contact Dr. Andrew Turner, Director, WWAMI Medical Program, University of Idaho, Student Health Building, Moscow, ID 83844, (208) 885-6696 or Marlane Martonick, WWAMI Staff, by email at : [marlanem@uidaho.edu](mailto:marlanem@uidaho.edu)

## IDAHO RURAL PHYSICIAN INCENTIVE PROGRAM

The 2003 Idaho Legislature established the Idaho Rural Physician Incentive Program to encourage primary care physicians to practice in medically underserved areas of the state. Beginning with the Fall 2003 semester, all first-year medical education students will be assessed a fee equal to four percent of the annual average medical support fee paid by the state. The fee collected by the State Board of Education will be deposited into the Rural Physician Incentive Fund to repay the educational debts of rural physicians who practice primary care medicine in medically underserved areas of the state that demonstrate a need for assistance in physician recruitment.
